**Subject:** RE: Heads up - I'd like to see the letter before it goes to this larger group

Good afternoon Andrew

Molly and Patti- nice job on the Bristol Bay call. You're thoughtful preparations on this project are apparent.

In final prep before sending the first draft of the letter out- here's a proposal for process to keep working towards the project schedule:

- Patti and Molly are working to edit and streamline the comments and cover letter on this initial draft today;
- Molly can share the one drive folder with me and Andrew tomorrow AM to see the current working draft of the cover letter and comments. Note that Patti and Molly may still be working on the drafts as they are coordinating with the 404 program to hone the NEPA comments;
- Andrew- as Molly and Patti's schedule has them sending out the draft to the career leadership team and their staff at COB on Thursday- can you have feedback/showstoppers/etc by noon on Thursday?
- As Molly and Patti are out on Friday- the timeline is to have the draft letter and comments done tomorrow to send out.

Let me know if this proposal works- open to input.

Thanks!
